

Per Texas Commission on Environmental Quality (TCEQ), a Lead Service Line Inventory survey for The City of Memphis is due by October 16, 2024.

In order to complete our inventory, we are asking all residents to please fill out the *customer-owned* portion of the survey for your home. (If you are renting, ask the owner/manager to fill out the survey.)

Please note: The service line we are taking inventory of is the water line that runs from the meter (or water main) to your home or building.

EXAMPLE

EXAMPLE

Customer-Owned Portion of Service Line Inventory Survey

1. Unique Service Line ID: 01-000123-001 (your account number)
